

Receptacle collimator

“ R O O 1 ”

Connecting **R001** to SMF-FC can output a collimated beam.

【Features】

- Just connecting
- Available custom wavelength
- Customize upon request

【Applications】

- Analysis
- Inspection

SPECIFICATIONS

Wave Length nm	405	488	633	830	1300	1550
Beam Diameter mm	Approx 0.5		Approx 0.8			
Usable Distance mm	300					
Fiber Type	SMF - FC
